## Online activities

### Learning at Home folder on Teams

S1 Finance and Budgeting resources have been uploaded to the Learning at Home folder on Teams. These have been split in to Week 1 & 2 and then Week 3 & 4. Pupils may work through these at their own pace. For week 1 & 2, it is recommended to use Money Metropolis to begin with for around 30 minutes. Pupils however, may want to continue with this activity for longer than this. There are then worksheets to complete.

Week 3 & 4 there is a Word Document that contains instructions to complete the Spreadsheet files.

## Alternative activities

Watch and/or read BBC News and keep a journal of the stories that have interested you. Think about how this news story will impact on businesses?

Sign up to RBS MoneySense. This is a free resource and you can sign up at a student in Scotland and select the appropriate age category. There are a number of activities that you can work through. There is also a section on MoneySense for Parents to sign up to.

Sign up to iDEA.org.uk and work towards completing their Bronze, Silver and Gold awards.
