S3

Subject/Teacher

History - Mr. Terrace

Online activities

Pupils can work through their First World War S3 History Skills Development booklets. All appropriate tasks can be attempted. They have these at home with their jotters but can also refer to them on Teams as well as going through the PowerPoints provided. Pupils may want to complete a project on World War 1 in general or any particular aspect of it that interests them. They can embark on further research using the internet or any other available resources.
