Activities – S1-3

Year group

S1

S2

S3

Subject/Teacher S1 Chemical Reactions

## Online activities

Sign in to Glow and go onto Teams.

Go onto S1 Red folder and open Chemical Reactions .

The notes for the lessons are uploaded as are the 'need to know' sheet and homework booklet.

This week:

Complete homework 1,2,3,4 (if you haven't already done so)

Answers will be uploaded on Monday 30th March.

If you are struggling to get onto Teams during the day, it is usually quieter after 4pm.

## Alternative activities

If Teams is proving problematic you can use the following resources to help.

You Tube Clips

Science In Action – Chemical Reactions

Science in Action – Acids and Alkalis

Science in Action - Rocks

You should take notes from these resources
