Activities – S1-3

Year group

S1

S2

S3

Subject/Teacher French

Online activities

S2 pupils are now working on a new unit called "Paris et Disneyland". This week they will be discovering the Parisian monuments and will discover key facts about it through quizzes and research.

They should access the team page and complete the powerpoint.

There will also be a weekly challenge which will be posted on the TEAMS group chat later on this week.

Alternative activities

Pupils should attempt to complete the Paris project. They need to pick ONE Parisian monument and give as many information as possible about it.

1. Name of monument:
2. What type of monument is it? (sculpture, church etc)
3. Why has that name been given to it (there is not always a particular reason for it)
4. When was it built (start/end of construction):
5. What are the features of this monument (height/length)
6. In what district of Paris is it? (1st/2nd/3rd...)
7. What is the purpose of this monument?
8. Tell the story of a moment where this monument was really important. (event which took place there)
9. What is it made of? (material)
10. Your opinion about this monument

They can learn more about the Parisian monuments by looking at these videos:

<https://www.youtube.com/watch?v=AQ6GmpMu5L8>

<https://www.youtube.com/watch?v=pcsOeNHHK5s>

Both contain many information which could be useful for them to complete the project
