Activities – S1-3

Year group

S1

S2

S3

Subject/Teacher English – Mrs Tyler

Online activities

Tasks and activities have been uploaded to the S3 Teams page in the Class Materials folder.

There are some free audio-books available on the Audible app. Listen to any of the Tween, Teen or classic novels and short stories.

SCHOLAR (accessible through GLOW if you search for the app) is also now available free of charge. There are some excellent RUAЕ resources on this for those of you who are taking N5 English next year. (This is not yet available but should be next week)

Alternative activities

Read

1. Read for at least 15 minutes every day. This could be a book, a newspaper or magazine article, a blog post or Wiki on a subject or person you are interested in.

Write

1. Keep a reading journal. Write down a few sentences summarising your reading, or write down an interesting quote. If it's a non-fiction piece, you could also write down 2 or 3 new pieces of information you have learned.
2. Keep a diary. This could be an account of what you have done that day, or a deeper reflection including your thoughts and feelings. Try to "show" your feelings using figurative language (word choice, imagery...) rather than just "telling" them.

Talking and Listening

1. Watch a YouTube video or TEdTalk, or listen to an Audible book or Podcast on a person or subject you are interested in. Note down the key points as you listen and then tell someone at home, or phone relatives or friends and tell them about it.

Self-care and kindness

1. This is a really strange time for everyone. Be kind to yourself and be kind to the people around you.

Take care, Mrs Tyler 😊
