## Online activities

Our TEAMS page is fully up and running. Please keep looking at the posts page as all instructions for work are there.

You should finish your Shawshank essay first and send that to me through email or upload to your notebook on teams.

After that I'd like you to use the reading resources in the FILES page- RUAE. There is plenty there to keep you progressing your reading skills. I would start by working through the booklet called GLASGOW booklet. I will also send you some updated Writing Resources shortly

## Alternative activities

READ, READ, READ!!

Keep a diary or journal.

Get ahead with our next topic (persuasive writing) by researching Capital Punishment- can you find a documentary on this on Iplayer or netflix? Make notes on the main issues for and against.
